

Leads Status

Description

The Leads Status application defines the possible stages or states of a lead during the qualification process. These statuses are used in the Leads module to track the sales funnel and organize follow-up efforts. Typical statuses might include "New", "Contacted", "Qualified", or "Rejected".

The form includes the following fields:

- Active: Controls whether the status appears in dropdowns.
- Name: Title of the status as shown in the Leads app.
- Description: Internal guidance for when to use this status.

Delete

Lead statuses can only be deleted if no leads are currently assigned to them.

Otherwise, the status should be marked as inactive.
