

Departments

Description

The Departments application is used to define the organizational structure of the company by grouping employees into departments. It supports hierarchies, allowing a department to belong to a parent department, and helps organize users and permissions accordingly.

Examples of departments include "Sales", "IT", "HR", or "Logistics".

List view

The form includes the following fields:

- **Active:** Indicates whether this department is currently in use.
- **Name:** Name of the department or organizational unit.
- **Code:** Unique identifier or reference code for the department.
- **Parent:** Parent department, if this one is part of a hierarchy.
- **Notes:** Additional details about the department's structure, responsibility or purpose.

Delete

Departments can only be deleted if no employees are currently assigned to them.

If in use, deactivation is recommended instead.
