Employees

Description

The Employees application is used to register and manage the personnel working in the organization. It stores personal and professional data including name, contact information, position, department, and system user link. This module is typically used in HR workflows to organize staff and optionally associate them with users of the system.

List view

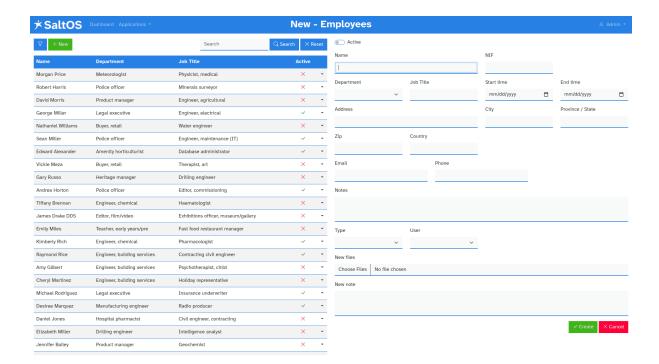

The following fields are displayed in the list view:

- Name: Full name of the employee.
- Department: Department the employee belongs to.
- Job Title: Official job title or position held by the employee.
- Active: Indicates whether the employee is currently active.

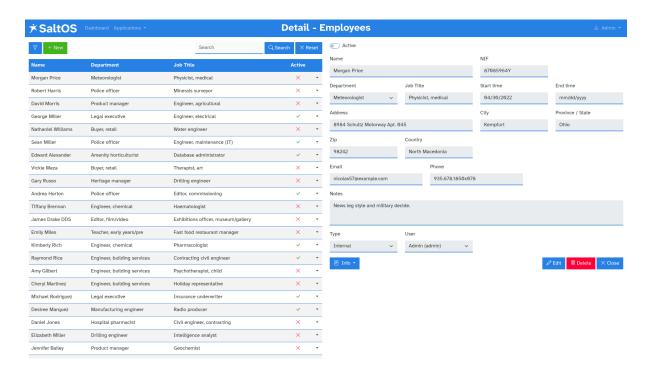

Form view

This view is used to create, view or edit employee records.

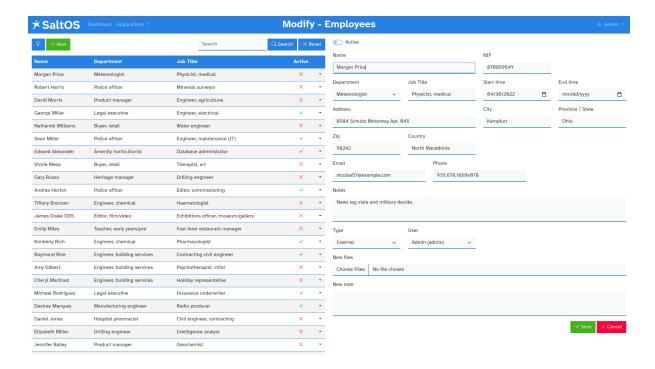

In create mode, a new employee profile is added.

In view mode, the profile is shown in read-only format.

In edit mode, the profile can be updated.

The form includes the following fields:

- Active: Indicates whether the employee is currently active.
- Name: Full name of the employee.
- NIF: Employee's national identification number used for legal or fiscal purposes.
- Department: Department the employee belongs to.
- Job Title: Official job title or position held by the employee.
- Start: Start date of employment or contract.
- End: End date of employment or contract (if applicable).
- Address: Postal address of the employee.
- City: City of residence.
- Province / State: Province or administrative region of residence.
- ZIP: Postal code.
- · Country: Country of residence.
- Email: Primary contact email of the employee.
- Phone: Main contact phone number.
- Notes: Additional remarks or HR-related observations about the employee.
- Type: Type or category of employee (e.g., full-time, contractor).
- User: System user account linked to the employee.

Delete

Employees can be deleted if not linked to system users or historical records.

If in use, the profile must be deactivated instead of deleted.
