

Meetings

Description

The Meetings application allows you to schedule, organize, and track meetings with leads, customers, or internal staff. It supports planning both face-to-face and online meetings, storing relevant details such as date, time, participants, notes, and status. This module is essential for keeping a history of client interactions, improving follow-up, and maintaining team coordination.

The form includes the following fields:

- Title: The title or subject of the meeting, summarizing its purpose.
- Location: The place where the meeting is held, or the online platform link if virtual.
- Start Time: Scheduled starting date and time of the meeting.
- End Time: Planned ending date and time of the meeting.
- Related Customer: Customer associated with the meeting, if applicable.
- Participants: List of users or external contacts invited to the meeting.
- Agenda: The topics or plan intended to be covered during the meeting.
- Topics Approved: Items discussed in the meeting that were approved.
- Topics Rejected: Items discussed that were not approved or postponed.
- Topics Pending: Items discussed that require further action or decision.

Delete

Meetings can be deleted from the list view if created in error or no longer relevant.

Records are usually kept for historical traceability unless explicit removal is needed.

From the individual view of a record (view), the user can generate and download a PDF containing all relevant data of that entry.

From the list view (list), it is possible to select multiple records using the checkboxes and generate a single PDF that includes all of them.
