

Purchase

Description

The Purchase application is used to register and track purchases made from suppliers. Each purchase record includes invoice details, total amount, purchase date, and associated notes or attachments. This module ensures traceability of expenses and is linked to the Suppliers module to maintain consistency.

The form includes the following fields:

- Order date: The date when the purchase order was registered in the system.
- Supplier: The vendor or provider from whom goods or services were acquired.
- Description: A short explanation or summary of the purchase content.
- Subtotal: The total amount before taxes and discounts.
- Tax: The total value of taxes applied to the purchase.
- Total: The final total of the purchase, including taxes and discounts.
- Status: The current status of the purchase (e.g., draft, ordered, received).
- Invoice Code: The invoice number or reference issued by the supplier.
- Invoice Date: The official date of the supplier's invoice.
- Paid: Indicates whether the purchase has been fully paid.
- Paid Date: The date when the payment was made to the supplier.
- Notes: Internal observations or relevant administrative information.

Delete

Purchase records can be deleted only if they are not linked to accounting records or processes. A confirmation dialog will appear before proceeding.

Once registered and finalized, deletion is restricted based on system permissions and traceability.
