

Meetings

Description

The Meetings application allows you to schedule, organize, and track meetings with leads, customers, or internal staff. It supports planning both face-to-face and online meetings, storing relevant details such as date, time, participants, notes, and status. This module is essential for keeping a history of client interactions, improving follow-up, and maintaining team coordination.

Delete

Meetings can be deleted from the list view if created in error or no longer relevant.

Records are usually kept for historical traceability unless explicit removal is needed.

PDF generation

From the individual view of a record (view), the user can generate and download a PDF containing all relevant data of that entry.

From the list view (list), it is possible to select multiple records using the checkboxes and generate a single PDF that includes all of them.
