

Invoices Status

Description

The Invoices Status application allows you to define the different states that an invoice can go through during its lifecycle. These statuses help distinguish between draft, issued, paid, or cancelled invoices, enabling better financial tracking and reporting.

Common statuses may include "Draft", "Pending", "Paid", or "Cancelled".

Below the table is a '+ Load more' button.

On the right, there's a form to edit a status. It has a 'Name' field with 'Closed' entered, a 'Description' field with 'Invoice closed with no further action' entered, and 'Save' and 'Cancel' buttons at the bottom.

The form includes the following fields:

- Active: Allows enabling or disabling the status.
- Name: Label of the status.
- Description: Optional clarification on when to use this status.

Delete

Statuses can only be deleted if no invoice is assigned to them.

Deactivation is preferred when in use, to preserve consistency across records.
