

## Tipus d'empleat

### Descripció

L'aplicació de tipus d'empleat permet classificar els treballadors segons el seu rol, contracte o categoria interna. Això ajuda a estructurar la base de dades de RRHH i facilita el filtratge, la generació d'informes o el control d'accés.

Alguns tipus habituals inclouen "Jornada completa", "Temps parcial", "Autònom", "Pràctiques", etc.
