

Suppliers

Description

The Suppliers application is used to manage the list of vendors or external providers the organization works with. It stores essential information such as identification, contact details, tax code, and classification. This module is linked to purchase workflows, allowing you to associate suppliers with purchases and maintain full traceability.

- Phone: Main contact number for the supplier.
- Website: Website or external link associated with the supplier.
- Notes: Additional internal information or remarks about the supplier.
- Type: Category or classification of the supplier.

Delete

Supplier records can be deleted if not referenced in purchases or documents. A confirmation dialog appears before deletion.

Once linked to purchases or financial records, the supplier becomes protected from removal.
